

Introduction

Friends of Europe in Holmegaard / Naestved

were established in March 2005 with the object to make contact to and to cooperate with similar associations in our friendship communities in Europe. The purpose is also to give citizens in the rural district of Naestved a common forum to develop lasting international relation on a personal level.

The object of the association

The object of the association is to keep and develop the contact to the European countries within the settings of the EU cooperation relating to the established rural community cooperation in "The Charter of European Rural Communities."

The aims of the association

- a. To develop the cooperation and exchanges between the friendship towns involved.
- b. To establish cultural contact and contact between public institutions.
- c. To improve personal contacts and friendship.
- d. To create possibilities for both children, young people and grown ups to come together both within the generations and across generations.
- e. To arrange activities and visits, which encourage meetings between people and the development of lasting contacts and friendships.
- f. To create the background for and to seek means for visits and exchanges both culturally, educationally and personally can be established and brought through.
